

# School Project

The school project defines the priorities and objectives of the Lycée Français International de Bangkok (LFIB) for the years 2025-2028.

## 1 Learn to Express Yourself and Thrive

- Master French in order to think, communicate, and act.
- Thrive through multilingualism and interculturality.
- Provide support for the success of every student.
- Innovate in support of learning.

## 2 Create Conditions for Well-being and Act Sustainably on School Climate

- Continue mobilizing, recruiting, and training teachers, students, and staff for committed projects.
- Develop a sense of belonging to LFIB.
- Ensure a school climate conducive to student well-being.
- Develop school democracy.

## 3 Dialogue with the World: Education Through Communication and International Openness

- Communicate to improve LFIB's visibility.
- Strengthen local and international intercultural networks and partnerships.

## The Future of LFIB

The Lycée Français International de Bangkok (LFIB) looks decisively to the future with its 2025-2028 strategic plan built around three founding pillars: **Learning, Well-being, and Openness.**

These pillars reflect the school's strategic vision, which aims to offer an exceptional learning environment combining **academic excellence** and **personal and cultural development**, enabling each student to flourish in a caring and stimulating environment.
