LFIB ON STAGE

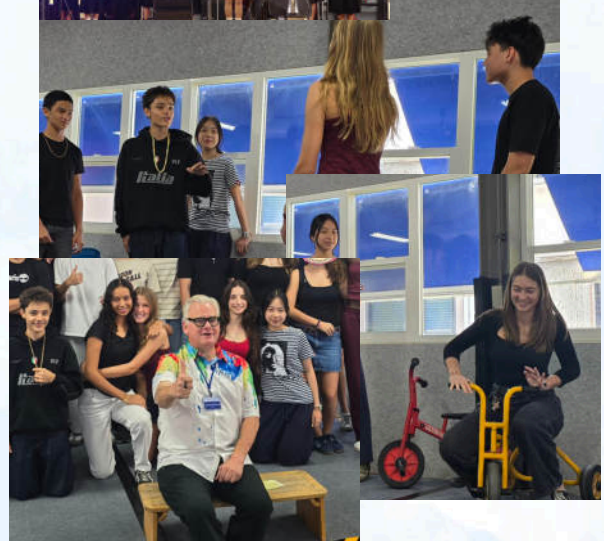

Saturday 28 March: What a magical moment, and what remarkable performances. From the grace of our dancers to the precision of our musicians and the energy of our singers, our budding performers truly lit up the gymnasium.

FORUM THEATRE

On 3 April, Year 11 students presented a Forum Theatre performance following an improvisation workshop led by artist-in-residence Curt Mabry. Under the guidance of their teachers, the scenes explored various forms of bullying.

Audience members became "spect-actors", stepping onto the stage to propose and enact alternative responses to the situations presented. An interactive and thought-provoking experience, enabling students to recognise their capacity to respond to everyday pressures and challenges.

SONGKRAN

Just before the holidays, the entire secondary school came together to celebrate Songkran in a vibrant and festive atmosphere. The programme featured student work exhibitions, a Nang Yai performance, and a wide range of activities. A warm and culturally enriching occasion, thoroughly enjoyed by all.
