

JOB DESCRIPTION

Job Title	Laboratory Technician	Service/Department	Administration ▾
Direct supervisor	Deputy Headmistress	Type of contract	Full time contract ▾
Contract start date	Sep 1, 2026	Working hours	40-hour per week contract

Join Our Team: Laboratory Technician at the French International School of Bangkok

- Manage and maintain the educational materials, equipment, chemical products, and fresh or living materials used in science classes.
- Prepare, set up, test, clean, and store equipment and products for practical science activities, in accordance with teachers' instructions.
- Assist science teachers during practical work and ensure equipment is maintained in proper working condition.
- Ensure strict compliance with laboratory hygiene and safety rules, particularly for hazardous products and safety equipment.

The French International School of Bangkok (LFIB) is seeking a qualified and experienced Laboratory Technician to support science teaching and practical work across the school.

The successful candidate will work closely with science teachers and coordinators. The ideal candidate should:

- Hold a Bachelor of Science or equivalent qualification in experimental sciences (Biology, Physics-Chemistry, laboratory technology, medical biology analysis, or a related field).
- Be versatile across Biology and Physics-Chemistry, or be willing and able to train as needed.
- Have successful previous experience in a school environment.
- Possess a solid scientific culture and strong theoretical and practical knowledge of laboratory equipment and experimental procedures.
- Be proficient in English.
- Have a good command of office and collaborative tools, including Google Workspace.
- Have a strong sense of organization and be able to work autonomously.
- Be able to liaise effectively with teachers, remain available and attentive, and anticipate operational needs.
- Be able to work effectively as part of a team and professional network.

CONDITIONS, REMUNERATION AND BENEFITS

Salary scale (Gross)	Category 8: Laboratory Technician (starting from 36,485.01 THB – Step 1, progressing according to experience)
